

## Agenda for 2010 ARC Webinar # 1

January 19, 2010, 1:00 – 3:00 p.m. Eastern

### Vulnerability and Risk Assessment 1: Local Climate Impact Profile (LCLIP)

The first two ARC webinars of 2010 aim to provide communities with an overview of many of the approaches available for assessing and evaluating the impacts of climate change, and how these approaches can and have been used in planning for adaptation. Our first speaker's presentation discusses the different characteristics and contents of a wide range of approaches, and provides examples of assessments from Canada and abroad. The second presentation describes a Local Climate Impacts Profile, a relatively rapid and inexpensive approach to understanding vulnerabilities to extreme weather events, developed by UKCIP and used by a number of Local Authorities in the UK.

Chair: Jennifer Forkes, Clean Air Partnership (CAP)

- 12:50- 1:00 pm: **Technical Introduction**  
New participants and those who wish to review the technical aspects of participating in the webinar should sign in early.
- 1:00 – 1:05 pm: **Jennifer Forkes, CAP, Welcome**
- 1:05 – 1:40 pm: **Jennifer Penney, Director of Research, Clean Air Partnership:**  
**Approaches to Assessing Climate Change Impacts and Adaptation Planning**
- 1:40 – 1:50 pm: **Q & A**
- 1:50 – 2:25 pm: **Liz Greenhalgh, United Kingdom's Climate Impacts Programme (UKCIP):**  
**Local Climate Impact Profiles: looking at the consequences of current weather as a way in to adaptation to climate change for UK Local Authorities**
- 2:25 – 2:35 pm: **Q & A**
- 2:35 – 2:50 pm: **General Q&A**
- 2:50 – 3:00 pm: **Footprint, Webinar Wrap-up and Evaluation**
