

## Agenda for 2010 ARC Webinar

June 15, 2010, 1:00 – 3:00 p.m. Eastern / 10:00 - 12:00 Pacific

### Making the Built Environment Resilient to Climate Change

This webinar will provide an overview of how current buildings are vulnerable to climate change and what can be done to make them more resilient. Participants will be able to ask questions of the speakers using their phone lines as well as by typing in questions. Participants are also invited to join a general discussion following the presentations to share their information and experience about the vulnerability of buildings in their communities to climate change and the challenges and benefits of making them more resilient.

Chair: Jennifer Penney, Clean Air Partnership (CAP)

- 12:50- 1:00 pm: **Technical Introduction**
